8. **Health Requirements:** Rome is a city best experienced on foot; walking will be a daily part of our many site visits; some tours will be strictly "Walking Tours." Thus, physical and medical health for a significant amount of walking is essential. Even when using taxis or other public transportation (buses, trains), some restrictions exist for pick up and drop off areas at some major sites. If any special assistance is required, pilgrims agree to bring a companion capable and willing to assist. Pacing on our self-guided tours can be adjusted as necessary within time constraints at certain sites. **Please note any health restrictions or concerns on the Reservation Form.**
9. **Photography:** Our pilgrims are often captured in photos or film segments that may appear on our websites or in various social media and other promotions. Participation in the pilgrimage, unless otherwise noted in writing, will grant Eagle Eye Ministries express permission to share and use photos in the manner as noted above.
10. **Medical Insurance:** Check your current insurance plan regarding coverage for overseas. Purchase travel insurance with medical coverage if not! Companies such as Travelex and Allianz offer a variety of travel plans that include medical along with *trip cancellation for any reason*, etc. Note: **For optimal insurance coverage, purchase travel insurance within 14 days of deposit.**
